

Catalk Online TestNet three-window QA — issue evidence only

Target: <https://chat-testnet.opcatlabs.io> (TestNet Online Version)

Mode: headed/visible, three QA wallet profiles/windows (Alice, Bob, Charlie), OP_CAT Layer testnet.

Reused public group:

[/chat/group/6751119c839e83b31a02d01bee4db6bbdeb9450d1909bc9a09083d273ce3ddi0](https://chat-testnet.opcatlabs.io/group/6751119c839e83b31a02d01bee4db6bbdeb9450d1909bc9a09083d273ce3ddi0)

Failures captured:

1. Public group: Alice public text did not appear on Bob/Charlie within 240s; Bob/Charlie messages were visible.
2. Private group: Bob private-group text was visible to Bob but did not appear for Alice within 150s.
3. Direct message: Alice→Bob DM was visible to Alice but did not appear for Bob within 150s.

Non-failing online checks were excluded from this PDF per issue-only evidence policy.

1. Issue 1 — Public group three-user roundtrip: Alice message did not appear on Bob/Charlie within 240s
